

THE CJC BIG BAND

Bob Start

Bari Saxophone and Woodwinds

Bob acts as musical director to the CJC Big Band and plays the Bari Sax and other instruments in the group. Big band jazz and swing have been Bob's passion that he loves to share with others. As a toddler, Bob grew up watching his parents dance and listen to records from the great big band era. Bob's parents encouraged him to play piano early in his youth. By 5th grade, Bob gravitated to the saxophone and by 6th grade he helped start performing concerts with his first band! Bob's passion for big band music led him to organize his own big band in high school (the resurrected swing big band). This big band has performed throughout the Midwest at jazz festivals, concerts, dances and countless private functions.
